Instruction/Mode d'emploi

Do you need your coffee to be ...

Fresh - Every cup?

Ready - Any where, Any time?

1 Separate brew cap from the cup.

Enjoy Fresh Coffee without Brewing Machine.
We manufacture an innovative product Baro Cafe
that is widely successful in Canada and the U.S.A.

2 Place the coffee in the filter.

The Worlds Best Coffee Beans.
The Goutiers premium blend of rich tasting, high
grown coffee beans roasted to perfection to create
the ultimate quality. We protect the flavor by using
special bags, to keep our coffee beans as fresh as
the moment they were roasted.

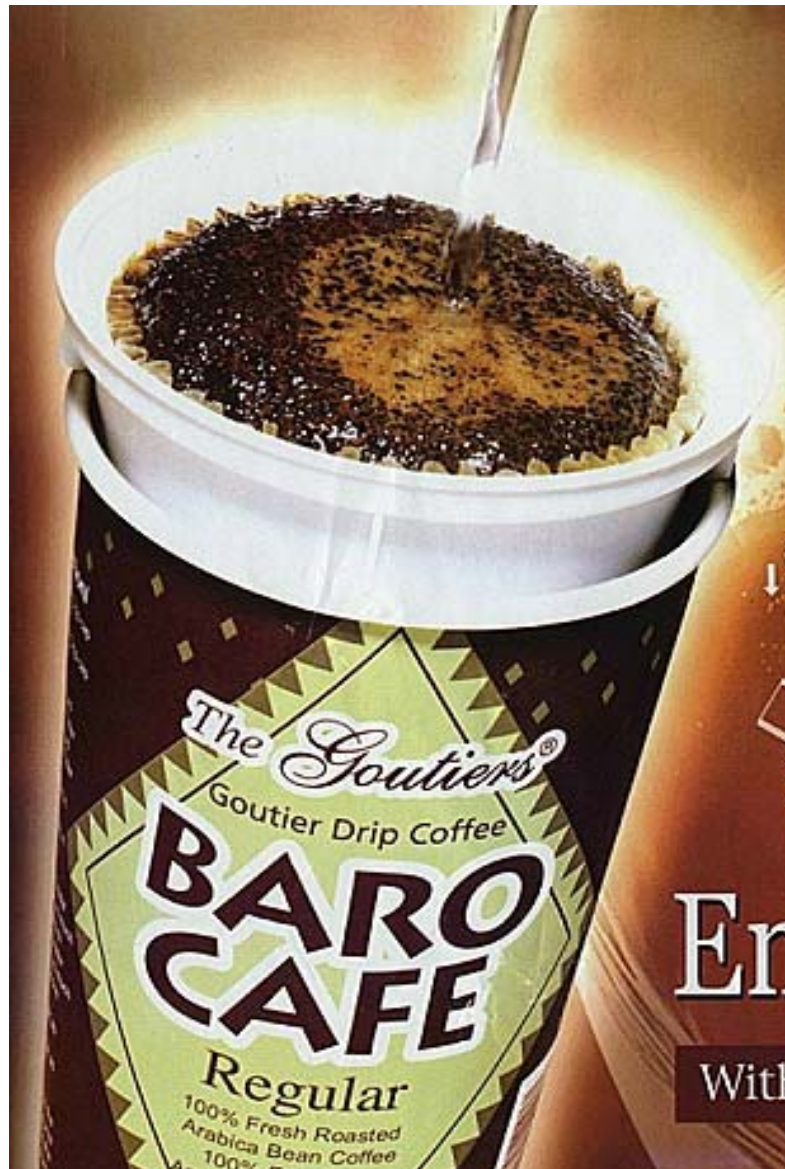

3 Pour hot water in the filter,
as desired.

Brewing The Perfect Cup of Coffee
Brew at 93°C - Brew your coffee "off the boil"
to avoid burning the coffee.
Use fresh filtered water. - A cup of coffee is 98% water.
The brewing time for this Baro Cafe is adjusted
to make the most tasteful cup of coffee.
We considered that all the people who enjoy
Baro Cafe can brew coffee properly.

4 Add sugar and cream, as desired.
